OF IMPORTANCE TO BIDDERS

This sale will be conducted under the following terms and conditions:

Terms: This sale is for cash and all strangers giving checks will be required to pay the expense of a telegram to the bank upon which the check is drawn.

Who to Pay: Pay the cashier. In no case must any part of the purchase price be paid direct to the consignor by the purchaser, as such payment will not be valid or entitle the buyer to obtain stock. On final payment for an animal, the cashier will issue an order which shall be presented by the buyer to the stable manager before the stock can be taken from the barn.

Buyers are cautioned not to lose these orders as no stock can be delivered without a release from the cashier. Buyers assume all expenses and risks on animals after they are struck down by the auctioneer.

Warrants: Ages, heights, marks, and other matters of character are approximated by the consignor and are not guaranteed unless expressly so announced from the auctioneer's stand. We endeavor to verify records and have them correct, but bidders should examine for themselves as catalog statements may be in error, and only such parts of them as the auctioneer shall designate, are warranted. The consignor is the responsible party for all representations, which we in no way guarantee, but will endeavor to have correct. In case typographical or other errors are discovered the auctioneer will announce them and the clerk will make a memorandum of such corrections, which takes precedence over the printed matter in this catalog. The clerk will, also, make a memorandum of all blemishes publicly announced by the consignor when the animal is offered for sale, and each buyer will be honorably compelled to accept such blemished animals when they purchase them.

Challenges: The purchaser should at once examine the animal and if warranty or representation is challenged, the matter must be reported to the managers immediately, who shall have the sole right to appoint who is to make examination in order to determine whether the animal fulfills the conditions as represented in the warranty, and the decision of the referee so appointed, and no other, shall be binding on both the consignor and the buyer, and it is agreed that no legal liability shall be incurred by us from either party in consequence of such decision. All warrants must be tested and decided before delivery of the animal is made. All buyers assume full ownership with all risks and no statement or warranty of seller can be challenged through us after settlement is made. In justice to the consignor, the buyer should inspect each purchase and accept or reject it so that the consignor will have an opportunity to resell before the sale is finished. The sales manager is not responsible for any errors, mistakes, guarantees, or omissions in the engagements, pedigrees, or other matter published in this catalog. The consignor is responsible for all such statements.

Bids: The highest bidder is the buyer. If any dispute arises between two or more bidders, the animal in dispute shall immediately be put up again for advance bids. If there be no advance, then the animal shall go to the person from whom the auctioneer recognizes the last bid. We act as agents only and shall endeavor to protect the interests of both seller and buyer.

F. S. KIRK, Sales Manager.
